

## **Public Service Announcement: Enhancing Community Health with Health on Campus Program**

January, 2024 — Comanche County Medical Center (CCMC) is excited to announce we now have 13 campuses in our community, expanding access to our Health on Campus program. This transformative initiative brings accessible healthcare to the heart of our community, ensuring students and staff can access healthcare services right at school, eliminating barriers to care and promoting overall community well-being.

### **Introducing Health on Campus: Convenient School-Based Virtual Healthcare**

[Quote from Dr. Larry Troxell, CEO of CCMC]

"As the CEO of Comanche County Medical Center, I'm thrilled to introduce the Health on Campus program. This innovative initiative brings accessible healthcare directly to our schools, ensuring that our students and staff can receive the care they need conveniently and efficiently."

### **Health on Campus: A New Era of Accessible Healthcare**

Comanche County Medical Center understands the importance of accessible healthcare, and with the Health on Campus program, we're taking a giant leap forward. No longer do families have to navigate the challenges of scheduling appointments and missing valuable class or work time.

### **Comprehensive Services Available on Each Campus**

Each Health on Campus location is equipped with state-of-the-art medical equipment and offers a wide range of services to meet your healthcare needs. Our campuses feature otoscopes and stethoscopes for thorough examinations, asthma control tools for managing respiratory health, strep and flu A&B testing kits, COVID testing for safety, and UA kits for urinary tract assessments. Medication refill appointments and prescription delivery services are also available to ensure convenient access to essential medications. Whether you need a routine check-up or urgent care, our campuses are here to serve you.

### **Three Pharmacies Delivering to Your Door**

And that's not all! Comanche County Medical Center operates three pharmacies that deliver prescriptions directly to your home, parents' workplaces, or the school for staff, ensuring convenient access to medication when you need it most.

### **Meet Heather Armstrong, Your Health on Campus Coordinator**

For seamless coordination and assistance, meet Heather Armstrong, our Health on Campus Coordinator. Heather can be reached via email at [harmstrong@comanchecmc.com](mailto:harmstrong@comanchecmc.com) or by phone at 254-879-4900 x1140. Feel free to contact Heather to discuss the program, schedule appointments, or inquire about any healthcare needs.

### **Schedule Your Appointment Today**

To schedule an appointment with Health on Campus, call 254-879-4999. We're committed to providing efficient and accessible healthcare to participating schools in the area. Your health is our priority, and we look forward to serving you with the highest standards of care.

### **About Comanche County Medical Center (CCMC)**

Comanche County Medical Center is a trusted healthcare provider dedicated to serving our community with compassion and excellence. With the Health on Campus program, we are expanding our commitment to delivering quality healthcare where it matters most.
